

On the Subject of Memory Buster

It's even more so of a Memory Buster than the original.

This module will have a four button panel and a display. Each button will have a unique number and both the buttons and numbers will have a unique color. For each stage, the display will light up in one of six colors. Follow the instructions for each stage based on what color the display is showing.

STAGE 1

Red: Press the button in the first position.

Orange: Press the button labeled 4.

Yellow: Press the button colored yellow.

Green: Press the button with a yellow label.

Blue: Press the button in the third position.

Purple: Press the button labeled 4.

STAGE 2

Red: Press the button with the same label number as the button you pressed in stage 1.

Orange: Press the button with the same button color as the button in stage 1 that was labeled 4.
